MESSAGE: Dear Ms. Toomer,

Faxed herewith are two "rough" drafts of changes we anticipate making to the claims in the two cases and some of the arguments. I will be bringing Mr. Hundley, the inventor, and Mr. Richardson of the company who owns the technology. A Mr. J. Lester, another principal in that company may also attend.

We will call you from the lobby of Crystal Plaza 3 at 1:25pm so that you may come down to admit us.

We hope that this will be a productive interview and if you have suggestions that would improve the claims in your estimation we would gladly entertain them. These cases are very important to the client company and we wish to obtain patent coverage as soon as possible.

I will be in meetings out of the office this morning and look forward to meeting you and discussing the two applications.
